Paid on Claims	813.00
Bank Balance	987.00
	<hr/>
	\$ 3,900.00

The records of the above Club have been examined by me and found to be correct.

It is very noticeable however that at the first of the year we were paying \$650.00 on each claim while at the end of the year the amount had been reduced to \$416.00.

A reduction such as this has only one evident result. I consider that it is the duty of each member to secure at least one new member. If the same course is followed next year we will then have our full membership. Remember that we have never received higher salaries nor have we had more employees available for membership.

IT IS YOUR CLUB—GET BEHIND IT.

—Chas. E. Ward, Auditor.
